Third resolution *(Appropriation of net income for financial year 2024 and payment of the dividend)*

The general shareholders' meeting, deliberating under the conditions of quorum and majority required for ordinary general shareholders' meetings, records that the net profit of the Company for the year ended 31 December 2024 amounts to 45,067,917 euros, that the legal reserve is 693,910 euros and that the other reserves account is 92,809,046 euros, and resolves to allocate the distributable profit, corresponding to the profit for the year, less any previous losses and amounts to be transferred to reserves in accordance with the law and the Articles of Association, plus any retained earnings, as follows:

	In euro(s)
Net profit for financial year 2024	45 067 917
Other reserves 2024	92 809 046
Total	137 876 963
Legal reserve	6 330
Other reserves	116 163 193
Dividends	21 704 440
Retained earnings 2025	0
Total	137 876 963

The total amount of the distribution referred to above is calculated on the basis of the number of dividend-paying shares at 31 December 2024, i.e. 70,024,000 shares, and may vary if the number of dividend-paying shares changes between 1 January 2025 and the ex-dividend date, depending in particular on the number of shares held in treasury (not taken into account in the number of dividend-paying shares at 31 December 2024), and on the final allotment of bonus shares (if the beneficiary is entitled to the dividend in accordance with the provisions of the relevant plans).

The dividend is set at €0.31 per share for each of the 70,024,000 shares entitled to dividends.

The dividend will be detached from the share on 24 June 2025 and the dividend will be payable as from

26 June 2025. In the event that the Company holds any of its own shares when the dividend is paid, the sums corresponding to dividends not paid in respect of these shares will be allocated to retained earnings

The dividend mentioned above is before any tax and/or social security deductions that may apply to the shareholder depending on his or her own situation. Dividends paid to individuals domiciled in France for tax purposes are automatically subject to a single flat-rate withholding tax (PFU) on the gross dividend at a flat rate of 12.8% (article 200 A of the French General Tax Code), or by express and irrevocable annual option, to income tax using the progressive scale after a 40% allowance (article 200 A, 2. and 158, 3., 2° of the French General Tax Code). This option, which is global and applies to all income within the scope of the PFU, must be exercised when the tax return is filed, at the latest by the tax return deadline. The dividend is also subject to social security deductions at the rate of 17.2%. The portion of social security contributions relating to the CSG payable on dividends when they are taxed on the progressive scale of income tax is, up to 6.8 points, deductible from taxable income in the year of payment (article 154 quinquies, II of the French General Tax Code).

Taxpayers whose reference tax income exceeds certain thresholds are subject to the exceptional contribution on high incomes (CEHR) at a rate of 3% or 4%, depending on the case, in accordance with article 223 sexies of the French General Tax Code (Code Général des Impôts) and, where applicable, to the new differential contribution on high incomes (CDHR) designed to ensure that a minimum of 20% of the reference tax income provided for in article 1417, IV-1° of the French General Tax Code is subject to income tax in accordance with article 224 of the French General Tax Code (Code Général des Impôts).
